HERITAGE MEETS TECHNOLOGY

VINTAGE DESIGN ENRICHED BY STAINLESS STEEL DETAILS

According to our motto "Tradizione in Continua Evoluzione", the new Gaggia Carezza Style combines our professional heritage with the latest technology, to delight you with a remarkable Italian espresso that would have made our founder proud.

Tradizione...

- Pressurised filter holder for perfect crema
- 15 bar pressure for full Espresso taste
- Pre-brewing for flavour enhancing
- Classic milk frother for a tasty Cappuccino
- Coffee-pod compatible

...in continua evoluzione

- Descaling alarm for longer product lifetime

GAGGIA
MILANO

HIGHLIGHTS

SPECIFICATIONS

15 Bar

The 15-bar pressure of your Gaggia coffee machine will make sure you always get the authentic Espresso taste.

Pressurised filter holder

The pressurised filter holder on your Gaggia machine will create an Espresso with the perfect Crema.

Descaling alarm

Your Gaggia machine will indicate when a descale cycle becomes necessary. Descaling will prolong the lifetime of your Espresso machine significantly and should only be completed with the original Gaggia descaler.

Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called a "Pannarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato and more. It also delivers hot water for tea.

Coffee-pod compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee, and a special filter for "ESE" (easy-serve Espresso) pods. These ESE pods are perfectly portioned and make it easier to operate a manual Espresso machine.

Pre-brewing

Pre-brewing ensures that the ground coffee is evenly moistened before the actual brewing process. Only then does the water flow through all of the ground coffee, and your Gaggia Espresso machine can extract the full aroma for a balanced and tasty Espresso.

Weight and dimensions

- Product dimensions: 21.0 x 30.0 x 28.0 cm
- Product weight: 4 kg
- Water tank capacity: 1.4 l
- Maximum cup height: 90 mm

Technical data

- Boiler: Stainless steel
- Frequency: 50 Hz
- Power: 1900 W
- Pump Pressure: 15 Bar
- Voltage: 230 V

Design

- Colour: ink black
- Materials and finishing: ABS/Stainless steel

Features

- Brita Filter compatible
- Cup holder
- Hot water/Steam Nozzle
- Interface: Direct buttons
- Pannarello: Plastic
- Simultaneous brewing
- Suitable for pods
- Simultaneous brewing of 2 cups

Technical specifications

- Supported coffee types: Coffee pods, Ground coffee
