Senseo®

PHILIPS

Highlights

TripleBrew Technology

Drink your coffee at its best. TripleBrew Technology ensures that each cup or mug of Senseo® coffee and each jug of filter coffee is brewed into perfection with the right pressure, temperature and amount of water.

Thermal Jug for 7 cups

The stainless steel thermal jug offers you to brew up to 7 cups of authentic filter coffee in one go and maintains the temperature and aroma for hours. Ideal for a lazy Sunday morning breakfast or when you want to enjoy coffee together.

A cup or a mug of Senseo®

With this Senseo® coffeemaker you can prepare a medium cup or a big mug of delicious Senseo® coffee from pads in less than a minute.

Intensity Select

Next to the long, smooth cup of SENSEO® coffee you can choose as well to brew a strong, smaller cup. Simply double press the cup button for an intense, short SENSEO® coffee.

Crema plus technology

The fine Senseo® pad selection and the Crema Plus technology make sure that your perfect cup of Senseo® coffee always comes with the finest and most velvety crema layer.

Variety of pad & filter coffee

With Senseo® Switch you can enjoy variety of medium and large pads and filter coffee blends and flavors. Therefore you can always drink the coffee you like the most.

Decalcification indicator

The SENSEO® coffee machine reminds you when to descale. Descal with the specially developed SENSEO® descaler, to ensure the best coffee taste and prevent limescale from tap water.

1L water tank

Thanks to the 1 liter water tank you can brew up to 7 cups of coffee without refilling.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
