

IT'S THE LITTLE BLACK DRESS GUARDIAN.

Imagine a washing machine that you can trust to keep your colours as vibrant and blacks as bold as the day you bought them. At last, there is no need to compromise performance for care. Because for the first time ever, you'll achieve the thorough clean of a 60-degree wash at just 30 degrees. Maintaining the colour, shape and

Imagine a washing machine that you can trust to keep your colours as vibrant and blacks as bold as the day you bought them. At last, there is no need to compromise performance for care. Because for the first time ever, you'll achieve the thorough clean of a 60-degree wash at just 30 degrees. Maintaining the colour, shape and

Product Benefits & Features

Softer water, kinder to clothes

All mains water contains minerals that can be harsh on fabrics. These AEG washing machines are the first in the world with the technology to remove them. The ion-exchange filtering system optimises the water entering the drum for detergents and softeners to work at maximum efficiency, even at the lowest temperatures. Gentle

- LogiControl™ touch display
- LED display
- 9 kg wash capacity
- 1600 spin speed RPM
- Programmes include:
 - Steam programmes
 - Anti-allergy programme
 - Wool plus programme
 - Delicate programme
 - Cottons programmes

Every fibre cleaned and protected

In a standard washing machine less than a third of fibres are reached by the fabric softeners you use. With ÖKOMix, every trace of detergent and softener is mixed with water, dissolving and activating it completely before it even enters the drum. It's the first washing machine technology ever to

Caring for clothes. Saving water and energy

ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

Less ironing. Clothes refreshed

These AEG washing machines use steam as a quick and easy way to refresh creased clothes so they're ready to wear. The short, gentle steam programmes safely remove odours and reduce creases in dry fabrics. Or you can finish your wash cycle with a gentle steam so clothes need little to no ironing.

ÖKOINVERTER, THE LOWEST ENERGY CONSUMPTION

The energy-efficient ÖKOInverter motor offers you the highest efficiency and durability and ensures superior performance, whatever programme you select.

Product Specification

Second Generation Energy Class	A+++ -65%	Woolmark	Woolmark Green + Premium Certified
Spin drying efficiency (2010/30/EC)	A	Det. dispenser compartments no	Ariel/Lenor 2+1
