Customised cycles with ProSense Technology®
ProSense Technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

Softener reaches every fibre with SoftPlus
SoftPlus makes sure that softener reaches every part of the fabric when it enters the drum, it helps your clothes feel softer, silkier, and smoother than ever before

Fast meets efficient with Eco TimeSave

Select a washing cycle that is both fast and energy-efficient with the Eco TimeSave option. This provides spotless results in the shortest time possible, while using the minimal amount power.

A quiet machine for a comfortable home

The quiet washing machine ensures low noise levels when running a cycle. Minimising disruptions and maintaining a comfortable home.
