

Italian espresso style coffee at home

Pre-programmed coffee including espresso, long and a mug coffee.

Pre-programmed coffee including espresso, long and a mug coffee.

Product Benefits & Features

Subtle blends. Intense espressos.

Or anywhere between

From an espresso shot to a subtle blend, choose a coffee that suits. The quantity can be adjusted to measure out the precise amount, and the aroma selection allows for a range of coffee strengths, from mild to intense. This ensures that each cup can be tailored to any taste.

- Multi-cup jug
- Uses fresh coffee beans or ground coffee.
- Removable water tank
- Height adjustable coffee dispenser
- Drip tray
- Accessories

The exact amount of milk for every coffee

Whether a silky latte macchiato or a foamy cappuccino, use the milk quantity function to get the ideal consistency in each coffee. Specify the exact amount of perfectly steamed milk for any cup. Ensuring the texture is just right, every time.

Perfectly prepared milk. Truly exceptional coffee

Get the texture of milk exactly right when using the thermal jug. It keeps milk at the ideal conditions for the perfect foam, allowing the consistency to be adjusted to suit any coffee – whether a flat white, cappuccino, or anywhere between.

Up to six cups of coffee at a touch

The MultiCup setting is ideal for serving several guests at once. Use the responsive command wheel to select up to six coffees, which are made in one go. Providing exceptional coffee without the wait.

Expertly foamed milk. Every time

The high-pressure steamer heats and foams milk to the ideal consistency for adding to coffee. Instant boiling water is also great for teas and other hot drinks.

Product Specification

Water Tank Capacity	2.5
Grinder capacity gr	400
Colour	Stainless Steel with antifingerprint coating
Dimensions	450x560x550
Voltage	220-240
Required Fuse	No
Frequency	50/60
ProdPartCode	KR Partn
