Vibrant images with AH-IPS display

with Ultra Narrow Bezel, MHL

This attractive Philips display with ultra narrow bezel and AH-IPS screen gives you awesome, vibrant colour images. Mobile HD link allows you to mirror your Smartphone.

Entertainment with Mobile HD Link
- MHL technology for enjoying mobile content on a big screen
- Optional MHL cable allows for HD video audio playback
- Charge your mobile device while watching a movie
- HDMI-ready for Full HD entertainment

Awesome picture quality
- AH-IPS display gives awesome images with a wide viewing angle
- 16:9 Full HD display for the best viewing experience
- TrueVision ensures lab quality images
- SmartImage Lite for an enhanced LCD viewing experience

Stylish design
- Minimalistic looks with Ultra-Narrow Bezel
- Superb glossy and textured finish
- VESA mount for convenience
Highlights

**MHL technology**
Mobile High-Definition Link (MHL) is a mobile audio/video interface for directly connecting mobile phones and other portable devices to high-definition displays. An optional MHL cable allows you to simply connect your MHL-capable mobile device to this large Philips MHL display and watch your HD videos come to life with full digital sound. Now not only can you enjoy your mobile games, photos, movies or other apps on its big screen, you can simultaneously charge your mobile device so you never run out of power halfway.

**AH-IPS technology**
This latest Philips display uses advanced AH-IPS panels utilising improved structure resulting in superior colour reproduction, response time and power consumption compared to other wide-view angle panels. Unlike standard TN panels, AH-IPS panels exhibit the least amount of Gamma fluctuation and therefore are able to show consistent colour even at 178/178 degrees, as well as in pivot mode. With remarkable performance, it is best suited for applications demanding colour accuracy and consistent brightness at all times, like photo retouching, graphics applications and web browsing.

**Ultra-Narrow Bezel**
Utilising the latest technology panels, the new Philips displays are designed with a minimalistic approach by limiting the outer bezel thickness to about 2.5 mm. Combined with an in-panel black matrix strip of around 9 mm, the overall bezel dimensions are reduced significantly, minimising distractions and maximising viewing size. Especially suited to multi-display or tiling setups like gaming, graphics design and professional applications, the Ultra-narrow bezel display gives you the feeling of using one large display.

**SmartImage Lite**
SmartImage Lite is an exclusive, leading edge Philips technology that analyses the content displayed on your screen. Based on a scenario you select, SmartImage Lite dynamically enhances the contrast, colour saturation and sharpness of images and videos for ultimate display performance - all in real time with the press of a single button.

**HDMI Ready**
An HDMI-ready device has all the required hardware to accept High-Definition Multimedia Interface (HDMI) input, high quality digital video and audio signals all transmitted over a single cable from a PC or any number of AV sources including set-top boxes, DVD players and A/V receivers and video cameras.

**16:9 Full HD**
The Full HD screen has the widescreen resolution of 1920 x 1080p. This is the highest resolution of HD sources for the best possible picture quality. It is fully future-proof as it supports 1080p signals from all sources, including the most recent sources such as Blu-ray and advanced HD game consoles. The signal processing is extensively upgraded to support this much higher signal quality and resolution. It produces brilliant flicker-free progressive scan pictures with superb brightness and colours.

**TrueVision**
TrueVision is a proprietary Philips technology that uses an advanced algorithm for testing and aligning the monitor display, which gives you the ultimate display performance 4 times more stringent than Windows sRGB requirements. Only Philips ensures each and every monitor that leaves the factory is fine tuned with this process so you can get consistent colour and picture quality.
**Specifications**

### Picture/Display
- LCD panel type: AH-IPS LCD
- Backlight type: W-LED system
- Panel Size: 27 inch/68.6 cm
- Effective viewing area: 597.89 (H) x 336.31 (V)
- Aspect ratio: 16:9
- Optimum resolution: 1920 x 1080 @ 60 Hz
- SmartResponse (typical): 7 ms (Grey to Grey)
- Brightness: 250 cd/m²
- Contrast ratio (typical): 1000:1
- SmartContrast: 20,000,000:1
- Pixel pitch: 0.311 x 0.311 mm
- Viewing angle: 178º (H)/178º (V), @ C/R > 10
- Picture enhancement: SmartImage Lite
- Display colours: 16.7 M
- Scanning Frequency: 30–83 kHz (H)/56–75 Hz (V)
- MHL: 1080p@30Hz
- sRGB

### Power
- On mode: 24.1 W (EnergyStar 6.0 test method)
- Standby mode: 0.5 W (typ.)
- Off mode: 0.3 W (typ.)
- Power LED indicator: Operation - White, Standby mode - White (flashing)
- Power supply: External, 100-240 VAC, 50-60 Hz

### Dimensions
- Product with stand (mm): 622 x 470 x 237 mm
- Product without stand (mm): 622 x 375 x 46 mm
- Packaging in mm (W x H x D): 667 x 546 x 106 mm

### Weight
- Product with stand (kg): 5.10 kg
- Product without stand (kg): 4.88 kg
- Product with packaging (kg): 7.14 kg

### Operating conditions
- Temperature range (operation): 0°C to 40°C
- Temperature range (storage): -20°C to 60°C
- Relative humidity: 20–80% %
- Altitude: Operation: +12,000 ft (3658 m), Non-operation: +40,000 ft (12,192 m)
- MTBF: 30,000 hour(s)

### Connectivity
- Signal Input: HDMI (digital, HDCP), MHL-HDMI (digital, HDCP), VGA (Analogue)
- Sync Input: Separate Sync, Sync on Green
- Audio In/Out: HDMI audio out

### Convenience
- User convenience: Power On/Off, Menu, 4:3/Wide, Input, SmartImage lite
- OSD Languages: Arabic, Portuguese, Czech, Dutch, English, Finnish, French, German, Greek, Hungarian, Italian, Japanese, Korean, Polish, Portuguese, Russian, Simplified Chinese, Spanish, Swedish, Traditional Chinese, Turkish, Ukrainian
- Other convenience: Kensington lock
- Plug and Play Compatibility: DDC/CI, Mac OS X, sRGB, Windows 7, Windows 8

### Stand
- Tilt: -5/20 degree

### Sustainability
- Environmental and energy: EnergyStar 6.0, EPEAT Silver, RoHS, Lead-free, Mercury Free
- Recyclable packaging material: 100 %

### Cabinet
- Colour: Black Cherry/Black
- Finish: Glossy
